

Directions to Applied Measurements by Train, Road or Air

By Road - From the M3 Motorway

Exit from junction 6 of the M3 at Basingstoke.

Follow the ring road (A339) north towards Newbury, proceeding straight over the first roundabout and travelling for about 1 mile to the exit marked A340 to Aldermaston (also shown to the Hospital). Follow the exit down to a roundabout from which you should take the 4th exit (A340) to Aldermaston (and Hospital).

Carry on along this road until you reach Tadley. Travel on through Tadley, passing over the small roundabout at the bottom of a long hill (Mulford's Hill) which, towards the top of it, has shops on either side of the road. Go straight on at the traffic lights at the top of the hill (staggered crossroads) passing Lloyds Bank and Barclays Bank on your left. Bear to the left after the banks and stay in the left hand lane as you proceed 'around' an unusual shaped roundabout. Carry straight on to the next roundabout at which the entrance to Calvea Park is the third exit.

When in the Park, take the first exit at the small roundabout, travel past the two post boxes and take the next right. Follow the road round to the right and Applied Measurements Limited is situated in front of you. There is a sign above the entrance door.

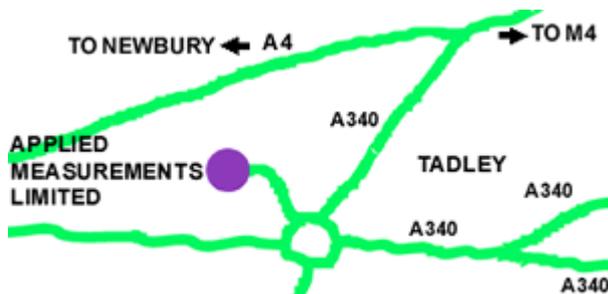

By Road - From the M4 Motorway

Exit from junction 12 of the M4 at Theale. Take the A4 south west towards Newbury.

Take the A4 exits at the first and second roundabouts and follow the road until you pass the Willows Hotel on your left. Proceed to the roundabout and take the first exit onto the A340 towards Basingstoke.

Follow the road over the canal (beware single traffic only over the canal bridge) and proceed for about 2 miles into Aldermaston (post office/stores on the left and Public House - The Hinds Head on the right). Carry straight on up the hill bearing round to the right as you pass up out of the village. Carry on up the hill with the high wire fence of the Atomic Weapons Establishment appearing on your left. At the roundabout take the 4th exit into Calvea Park.

When in the Park, take the first exit at the small roundabout, travel past the two post boxes and take the next right. Follow the road round to the right and Applied Measurements Limited is situated in front of you. There is a sign above the entrance door.

By Train

Railway access can be made via main line stations at Basingstoke and Reading.

Both station's lines are linked directly to different parts of London - the Basingstoke Line going through to Waterloo and the Reading line to Paddington. Further local access is available from either of these stations to Bramley, situated between the two stations.

Taxis are available at Basingstoke and Reading Station, but not at Bramley.

By Air

There are two airports which allow reasonable access - Heathrow and Gatwick.

From Heathrow, proceed along the M4 westwards to Theale junction - directions then as above.

From Gatwick, proceed via the M23, M25, and M3 motorways westwards to the Basingstoke exit - directions from here as above.
